

GENUINE[®]
Dr. Comfort
EST.  USA

2021 VOLUME ONE

**DR. COMFORT® PROUDLY CARRIES THE AMERICAN
PODIATRIC MEDICAL ASSOCIATION SEAL
OF ACCEPTANCE ON PRODUCTS AS INDICATED.**

At Dr. Comfort® we understand the importance of foot care and are committed to helping people get back on their feet. With over 100 years of combined experience in foot care, footwear knowledge and pedorthic training, our team of educators know a thing or two about proper foot health.

Our shoes are available online and through healthcare providers who specialize in foot health. Proper footwear can help prevent more serious complications for those at risk. If you qualify, Medicare or other insurances may help cover the cost*.

*Your doctor or one of our providers can help determine if you qualify. To find a local provider visit drcomfort.com or call at 800.556.5572.

You must properly maintain and care for your shoes. Cease using immediately and call your doctor if you have any signs of blisters, pain, swelling or other indications which could cause damage to your feet.

WOMEN'S FOOTWEAR

Comfort You Wool Love

Casual shoes and socks with all the benefits of wool—breathable, natural odor resistant fabric that helps keep you warm and dry. (p16, 18, 19, 37, 40)

Stability

Revolutionizing the way you walk, our Stability outsole is designed to help provide enhanced support and prevent over pronation. Athletically-inspired shoes that are bold, comfortable and performance-focused. (PDAC Approved)

- Wider sole helps provide enhanced stability
- Increased width of toe box provides extra comfort and accommodation
- EVA and rubber outsole provides a layer under foot for added support and comfort
- Firm medial rearfoot helps prevent overpronation

Shown clockwise: Grace p12, Ruth p20, Gordon p31, Jack p32, Roger p39 and Diane p12

All men's available in sizes:

M, W, XW (6-12, 13, 14, 15)

All women's available in sizes:

M, W (4-11, 12), XW (4-11)

CUSTOM FUNCTIONAL ORTHOTICS .

Dr. Comfort® has historically led the industry with our diabetic products, now we have expanded our custom line-up to include a full line of Functional Orthoses made from top-quality materials and aligned with world class service to address some of the more complex needs for patient's feet. These styles of orthoses are designed to the unique specifications of the patient's foot and are built with specific functional objectives to help address biomechanical issues within the foot.

- Simple designs to meet the vast majority of needs.
- EXOS® designs for similar needs but with full and quick adjustability
- Complex designs that are built for very specific needs
- The ability for the provider to build their own device, step by step
- Total contact designs for an intimate fit, accommodations and control
- Lead times typically less than five days

ORDER WITH THE COMFORT SCAN MOBILE™ APP

Help give your office the cutting-edge technology to order custom orthotics for your patients in minutes! The Comfort Scan Mobile™ App was developed for an easy to use, fast turnaround method of ordering all custom products. With the app, providers are able to take a 3D scan of their patient's foot and submit the image and order form in a few simple steps.

Search Dr. Comfort in the app store and select Dr. Comfort Mobile Scan App.

EXOS® REFORMABLE ORTHOTICS

Our alternative to premium over-the-counter footwear inserts, EXOS® features our exclusive carbon nano tube shell that allows you to reform the orthotics at anytime for a more personal fit.
